Told by Mr. Jazz himself, an ordinary cat by his own admission, Purr Prints of the Heart is a touching meow-memoir that will strike a chord with anyone whose heart carries paw-prints of love as he shares the story of his life from kittenhood to his final days on earth in the physical sense. Cleverly written in cat likeness with incredible insight, candor, wisdom, and humor, Mr. Jazz takes readers on a heartfelt journey in book form to offer comfort to all who have had to deal with (or will have to deal with), the inevitable loss of a beloved pet. Replete with memorable moments that will have readers laughing, crying, and nodding in recognition, Mr. Jazz, carries an astute conversation with readers, putting them in real-life situations they can easily relate to and empathize with - from his days as a kitten that nobody wanted, to finally being adopted into a loving human and multi-pet filled family that had its share of ups and downs, to his final months whereby his health was declining and he had to deal with things like frequent visits to the vet, being force fed food, resentment issues, litter issues, and the finality of coming to terms with the fact he was dying and needing to convince his beloved humans to let him go. The ending is a welcoming upturn, a refreshing reminder of the celebration of life and the indelible purr prints cats leave on our hearts and includes an invaluable Coping With Pet Loss section to help readers on all levels - emotionally, mentally,

spiritually, and even physically to empower themselves with ways to positively honor the journey of the pet lost as well as ways to find the strength to heal and mend a broken heart.
