

The Intention Project: Soul Messages To Magically Transform Your Life

In The Intention Project, Carol Streit explains how she transformed her life at age 55. She spent over five years studying the universal laws of the Power of Intention and the Law of Attraction. With that knowledge, she learned the importance of setting intentions for what she wanted in her life. As she developed a practice of setting intentions, she found her soul mate, quit her 30+ year career in medicine and became an author and entrepreneur. While writing was never on her radar, she was open to all possibilities and all the opportunities that the universe would provide. The Intention Project contains 52 inspiring Intendâ€• statements, one for each week of the year. Each playful graphic sends a powerful message that will touch your heart. Each intention contains soul messages, affirmations, and quotes and helps release any self-limiting beliefs that may be holding you back from attracting the things you want in your life. Blank calendar pages have been added to allow you to begin at any time of the year. The Intention Project is the perfect book for any woman that wants to make big or small changes in her life. Begin today to transform your life by setting intentions.
