

An African Experience: Wildlife Art and Adventure in Kenya

Text and artwork by Simon Combes. Foreword by David Shepherd. Available to the trade for the first time. A safari in Africa can be one of the great highlights of our lives, and Simon Combes has lived his life on one. He is one of the finest painters of wildlife alive and with this book makes his mark as a writer as well. The story of his life contained in this volume is an enthralling one: the son of an expatriate raised in colonial Kenya, a military career that spanned both sides of that nations independence, a safari guide and artist with an eye for the adventure that is Africa. Simons art has been published by the The Greenwich Workshop since 1980.
