

The Inner Office of Samantha Evans: She Helps Others But Can She Help Herself?

The Inner Office Of Samantha Evans is a compelling tale that involves two key characters, Samantha Evans, and Edward Catalina each one with a mysterious history pertaining to their childhood. Samantha Evans is the clinical psychologist, a beauty with brains, heart and soul who reaches out to all of her patients and helps each one solve their problems. However, there is a disturbing pattern happening in her own mind, and she cannot figure it out. She starts having flashbacks and cannot make the connection until one explosive night when it all comes back to her in a shocking fashion.
