Brenan Brown has a terrible secret. One his beautiful wife doesnt know. One that could destroy his happiness and his family. One hed thought buried along with his former identity in a grave in Ireland. But shady characters -- terrorists really -- from his past come to the stately mansion called Bliss with blackmail and kidnapping on their minds. And with his familys safety at risk, his future in peril, all Brenan can hope for is the Christmas miracle. Julie Peters plans to modernize Waterside Hospitals labor and delivery protocols are thwarted by old school doctors and brown-nosing colleagues. But a handsome doctor who understands her point of view has a fine bedside manner and a way of tending her heart that has forever after attached to it. Can a Thanksgiving stay in the regal home called Bliss give her the space she needs to right her future and fall in love? Vaughn Jennings has one rule -- his no employee dating rule -- that he refuses to break. Not even for Chelsea Chathford, the curvaceous master carpenter he employs. With just reason. But with every day that goes by, it gets harder and harder to follow his rule. Should he follow his heart? Or forever wish he had? Because Christmas comes but once a year. And with it, the only chance to have his holiday wish come true.
