

Danger: Truth at Work: The Courage to Accept the Unknowable (Authentic Living)

Danger: Truth at Work goes to the heart of our most fundamental human issues. Why can't we just live happily and be content? While we seem to have all the knowledge we need to solve our problems, we haven't. In this timely book, Osho explains that religious conditioning has held us back. Each chapter covers a different aspect of this conditioning, and, in gentle but persuasive language, shows readers how to transcend it. Individual chapters cover such subjects as The Nuclear Family; The Imminent Meltdown; Pseudo-Religion: The Stick-on Soul; They Say Believe, I Say Explore; and Ecstasy Is Now: Why Wait? and others. The enclosed DVD gives a firsthand experience of the process of spiritual renewal, which Osho calls a dry cleaning of the mind. While Osho passed away in 1990, he left a rich legacy of video recordings that form the basis of this important book and video.
