

The Debutante Bride

Miss Elizabeth Dunseith, Beth to her friends, grew up in genteel poverty, happy despite her abusive father and weak mother. When her father sells her to the highest bidder in order to pay off his gambling debts, she fears what her future will hold but is relieved to get away from home with her new, handsome husband.

Lord Justin Fulton, Earl of Westfield, is confused by the contradictory behavior of his purchased bride. One moment she is haughty and cool, the next she is warm and endearing. When his sister refuses to help establish his new bride in Society, Justin turns to a friend's wife to show Beth the best way to navigate the politics of the ton. Their growing attraction just seems to confuse matters even further. Will these two be able to see past their differences to make it to happily ever after?
