

# Quran, Hadith and Islam - By Dr. Rashad Khalifa, Ph.D.

After more than 12 years of computerized research of Quran, PHYSICAL EVIDENCE was discovered proving that Quran is indeed the infallible word of God. This discovery became very popular among the Muslim masses throughout the world, and summaries of the work were printed and distributed by the millions. My personal popularity soared along with this most exciting, and most humbling, discovery. The continued research then unveiled a startling fact; that the extremely popular Hadith & Sunna have nothing to do with the prophet Muhammad, and that adherence thereto represents flagrant disobedience of God and His final prophet (Quran 6:112 & 25:31). This finding contradicts the beliefs of Muslim masses everywhere. Consequently, my personal popularity, and even the popularity of the Qurans miracle, plunged to the point of endangering my life and reputation. As it turned out, telling the Muslims that Hadith & Sunna are Satanic inventions is the same as telling the Christians that Jesus is not the son of God. Since the recognition of Hadith & Sunna as Satanic innovations is supported by PHYSICAL EVIDENCE, all freethinking people will accept the findings reported in this book. For such people, the results include a totally new sense of salvation, and full awareness that the Muslim masses have fallen victim to Satans schemes.
