

## Virtually Mine: a love story (Redeeming Romance Series)

Could Kates Imaginary Boyfriend be for real? Devastated to think that shes lost her steady beau to another girl, aspiring actress Kate Valentine consoles herself by renting an Imaginary Boyfriend from Internet romance broker Virtually Mine. Kates Imaginary Boyfriend sends her flowers. He calls. He texts sweet nothings, plucking at her heartstrings. As the lines between make-believe and reality blur, Kate finds herself longing for true love, never knowing that it might be much closer than she thinks. Meanwhile, Charlie Butters, an underdog IT guy for Virtually Mine has it bad for Kate Valentine. Its a secret that has Charlies heart pounding, just at the sight of her. Fact is: dating and relationships -- well, lets just say those things havent exactly been on Charlies social calendar yet. Truth be told, hes never ever kissed a girl. Its not like Charlie is all that bad to look at, but with his average guy mug and shy with women nature, its all he can do to function around Kate Valentine. After all, shes the girl of his dreams. Shes sweet. Shes kind. Shes also prettier than a fresh-picked daisy. Its about all a boy next door like Charlie can do to put two words together in her presence. He knows its half crazy to think he could compete for Kates attention, not if Kates ex, Dustin, or the face model for her Imaginary Boyfriend, Eric, have anything to say about it. But maybe, just maybe, with a little faith, hope, and love, Charlies dreams could come true. Will Kate meet her Imaginary Boyfriend face to face? Will Dustin get the

second chance with Kate he wants? Will Charlie find the courage to tell Kate how he feels? Redeeming Romance is an anthology series, a variety of clean, inspirational novels adapted from Susan Rohrer's original movie scripts.
