

# How to Develop and Apply Your Confidence and Faith for Healing: Healing the Supernatural

The purpose of this book is to teach you how to receive Healing and Deliverance from God. The simple keys in this book will work for anyone that will take the time to apply them. I had scriptures and healing materials from three different sources and didnt understand how to apply the materials. I was sick and continued to get worst with the keys from Gods word at my fingertips. I didnt understand Gods word. I didnt understand how to apply Gods word. I didnt understand Gods system of operation. A simple six-minute thumb surgery caused me to have a stroke, damaging the entire right side of my body. I received damage to my entire nervous system. I started having uncontrollable full body muscle spasms. I started having problems with my heart, breathing and blood pressure. My mouth would draw up to the right side of my face and there were constant trembles of my arms and legs. I had problems sleeping and my body temperatures increased to 100 degrees or more. I was sensitive to touch, cool temperatures and light. I could not control my own body movements at times and I had problems walking and talking. Touching my skull, neck, back and checking my reflexes would cause me to go into uncontrollable full body muscle spasms. I was told that I had a muscle build-up where there should not be any muscle and because of this muscle build-up and the massive strength that I had developed; I could break a bone in my neck. A doctor told

me: due to the amount of time that I suffered and the complexity of the problems I had, that they would be with me for the rest of my life. The problems could not be fixed, repaired and there was no cure. I was seen by at least thirty or more doctors without any help. I felt sure I was going to die from all of the problems in my body. I could see myself dead lying in a casket. I decided that I was going to murder three of the doctors. God led me to a church where I received understanding of Gods word. I learned Gods system of operation. I also learned how to apply Gods word to my life for the healing and deliverance that I needed. As a result of understanding and applying Gods word to my life, in a three-month process I was delivered from the spirit of murder and healed from all of the damage to my entire body. I suffered for three years and two months because of the lack of understanding of Gods word. I am still delivered, healed and have been teaching Gods word for healing and deliverance for eleven years now. The principles in this book are the principles that I learned and applied to my life and received my healing and deliverance from Gods word. The principles in this book are the same principles that I have been teaching for the last eleven years and they are still delivering and healing Gods people today. People are being healed and delivered by understanding and applying the principles in this book. The principles in this book will work for anyone that will take the time to apply them.
