

# Confessions of an Illuminati, Volume I: The Whole Truth About the Illuminati and the New World Order

In English for the first time, a guide to the true secret structure of the Illuminati and their invisible network. Author Leo Lyon Zagami uses the Illuminati's internal documents and reveals confidential and top-secret events. His book contends that the presence of numerous Illuminati brotherhoods and secret societies—just as those inside the most prestigious U.S. universities such as Yale or Harvard—have always been guides to the occult. From the Ordo Templi Orientis (OTO)'s infiltration of Freemasonry to the real Priory of Sion, this book exposes the hidden structure of the New World Order and the occult practices of the various groups involved with it, including their connections to the intelligence community and the infamous Ur-Lodges.
