

The Gospel According to Femigod

A fact-based, thought-provoking, unashamed dissection of the dominant themes that govern both mainstream and organised religion, from the perspective of an author who was fanatical about Christianity at the young age of 11! The author believes that everything - without exception - should be open to scrutiny, including what many see as a taboo subject. Whilst the skeptic will nod, the religious will scratch their head. Why Femigod? There's no desire to start a new religion, nor an intention to commence a new age movement. It's not the author's desire to be worshipped, nor does he see himself as the reincarnation of an enlightened spiritual individual. The author's name is Femi and his simple contention is this: that all humans are powerful beings, much more powerful than we are led to believe. A god is a powerful being, and as we venture on our spiritual quest, we should claim this for ourselves: I am god. We are all god. Visit: <http://www.femigod.com>
