

Reluctant (Highland Historical): The MacKays #3

He would be her first kill... Kamdyn MacKay is a Banshee assassin who has never killed a man. When her first mark becomes the Berserker warlord terrorizing the Highlands, she knows she must slay him or face unthinkable consequences. Once she faces him face to face with the notorious Laird of Shadows, Kamdyn realizes she's also never been taken by a man, and his carnal proposition may prove too seductive to resist. She would be his first kiss... The brutal Laird of Shadows fears nothing, especially not a warrior's death. When a tiny, lovely Banshee invades his camp intent on his demise, a mistaken kiss brands her as the mate he's been searching for decades for. The least he can do is persuade his tempting executioner to make his last night on earth something to remember.
