

Belief and Power in Myth (E-Singles)

The question of belief is of less moment in the mythological sphere than the question of the power of the imagery to evoke and organize spiritual energy and thus to render, not an ideology, but a sense of being. — Joseph Campbell

A short, breath-taking exploration of the creative power of myth by acclaimed mythologist Joseph Campbell. Campbell looks at the power of art throughout the ages as mythology. The E-Singles series publishes Joseph Campbell's articles and previously unreleased material in short ebook form.
