

# THE COMPLETE BOOK OF HANDWRITING ANALYSIS

As a form of self-expression, handwriting reflects a persons thoughts about the self and reveals aspects of his or her personality. Written in a step - by - step fashion, The Complete Book of Handwriting Analysis begins with the history of the field and then teaches you how to analyze any handwriting, starting with objective criteria such as organization, speed, size, shape, slant, and symbolic features. Then you will learn how to combine these variables to create a full personality profile. Featured are more than 100 handwriting samples, including those from Paul Newman, Bil Clinton, Marion Brando, Donald Trump, Sigmund and Anna Freud, Thomas Edison, Osama bin Laden, Bruce Springsteen, Jackie Kennedy, Napoleon, Michael Jackson, Robert Redford, Barack Obama, and Charles Darwin.....
