

Rebirth of Israel Passover Haggadah

This bilingual edition of The Rebirth of Israel Passover Haggadah is a unique Haggadah that draws an analogy between the idea of freedom and exodus inherent in the Passover Festival and the national liberation and rebirth of the Jewish people in the modern era. The traditional text of the Passover Haggadah in Hebrew and in English is accompanied by illustrations and historical overviews that illuminate watershed events along the modern history of the Land of Israel, from the First Aliyah immigration and the inception of the modern Zionist Movement until the establishment of the State of Israel. This exceptional Haggadah offers its readers a new insight to the Exodus epic just as it was faithfully handed down throughout the generations by the invocation of the commandment: And thou shalt relate it to thy child on that day.
