

Royals of Valleria Boxed Set (Books 4-6)

Meet the Royals of Valleria, a country as old as the fall of the Roman Empire. The reigning king and patriarch rules with his beloved queen. Nine children, now grown, ranging from the eldest twins to the youngest son, watch over the country they love and care for. Bound by honor, duty, and each other, follow their lives as they fall in love, face tragedies, and triumph against the evils facing them. This boxed set contains the books 4-6 in the Royals of Valleria series: *Charlotte & Nate*, *A Royal Holiday* (a novella), and *Catharine & Edward*.

*Please note: these novels and novella contain content suitable for mature audiences only. *Each novel and novella is a standalone book in the series, with no cliffhanger. However, you may prefer to read the series in order. *** *Charlotte & Nate* (Royals of Valleria #4) A playboy prince ready for love. A hardened woman, softening her heart. A dangerous conspiracy, putting them both in the line of fire. *** *A Royal Holiday* (Royals of Valleria #5) a novella Come visit Valleria this holiday season! The season for stolen kisses and royal wishes is here. Catch up with the Vallerian royal family as they celebrate the holidays together, where surprises abound, dreams might come true, and a series of events plans to make for a very interesting New Year. *** *Catharine & Edward* (Royals of Valleria #6) A princess holding the fate of the monarchy in her hands. A bodyguard challenging her royal duty for love. Princess Catharine, second in line to

Valleria's throne after her elder twin brother, has been indulged her whole life. A surprise at birth, her parents have doted upon her "until now. Her mother has issued a queen's edict: become engaged by the time of her elder brother's wedding" or else. Philip, a Vallerian noble if ever there was one, could be the perfect fiancé, or a perfect fake one, in any case. Cat could easily pretend to fawn over the handsome man and fool her mother and the press. At least, she could if she wasn't falling for her bodyguard and Royal Protection agent, Edward Bashiera. One heated kiss between them at the Holiday Ball is hard to forget, and even harder when she learns more about the man underneath the venerable veneer. When circumstances change, and suddenly Catharine must ensure the family legacy, can she put aside a growing love for duty? And, when a terrible deception comes to light, will Edward be able to protect Cat when she needs it most? ***
