Gilbert insists that citizens from African heritage all over the world are seeking justice and equality instead of imperialistic handouts. His goals with this book are to promote unity, tolerance, and respect for all. He hopes that ethnic Norwegians and authorities in the West can promote affirmative action and inclusion through vocational training and job creation in order to prevent radicalization and extremism. This book on Gilberts journey from Africa to Europe is spiritually blessed by his ancestors and those who lost their lives fighting for justice and freedom. I endorse this book to be a success. -Reidar Jonger, journalist, Norway
