

Romance: Interview With A Billionaire (The Complete Series)

From Amazon Bestselling Author, Lexi Duval, comes a delicious new billionaire erotic romance series, Interview With A Billionaire! Readers should be 18+ for sex scenes and swearing. PART ONE Sophie Hunter has always had one goal in mind and one goal only – to become a serious and well respected journalist, just like her father Frank. Unfortunately for Sophie, things aren't progressing as quickly as she'd like, and she feels like she's being held back by her protective boss, Clive, an old friend of her father. So, she's stuck reporting on giant flying kites and new revolutionary gyms, rather than the real issues she wants to sink her teeth into. That is, of course, until one of the largest stories of the year drops into her lap: Lincoln Caine, the world famous billionaire who, three years ago, suddenly decided to become a recluse in his own mansion, is about to give his first interview in years. No one knows why he decided to turn his back on the world, and for three years the world has been asking that question. And now, he's granted exclusive access to the paper Sophie works for. And more mysteriously, he's granted exclusive access to Sophie herself. Within days, Sophie is becoming something of a celebrity herself, and even before she steps foot into the billionaire's mansion, the world is beginning to wonder just why it's her who's being given access. But no one is wondering that more than Sophie herself, and soon she'll be face to face with the billionaire, with the truth about to be

revealed... PART TWO
Reclusive billionaire Lincoln Caine is certainly not what Sophie imagined. There's no long, shaggy beard and uncut, coiled fingernails. He's just as beautiful as before, his dark eyes smoldering with a mystery that Sophie is desperate to solve. And so the interview with the billionaire starts, and Sophie quickly finds herself more nervous than she's ever been under his probing, penetrating eyes. But before he reveals the truth, he wants to learn more about her...about her present and, particularly, her past. Soon, Sophie is telling her own story, and Lincoln seems most interested in the painful memories of her father and sisters' death a few years back. And she finds herself drawn into him like light into a black hole, the two of them brought together by a pull that is impossible to ignore. Because they share a past that Sophie could never have known about, and that past soon catches up with them. And as a sexual longing starts to engulf them both, Sophie finds herself unable to keep him back. And then the true revelation is revealed, and the pieces come together, and Sophie learns that the true reason for her presence in the billionaire's mansion isn't something the world can ever hear. It's only for her ears. And now, she's going to have to return to the real world engulfed in a blanket of secrets...
PART THREE Sophie leaves the billionaire's mansion, still wrapped up in Lincoln's revelations. The truth, she knows, can never be uttered, and her life will never quite be the same again. She returns to work, and formulates a story that the world can believe and understand. When

the interview breaks, she becomes in instant celebrity, her face and name known far and wide. But her time in Lincolns mansion isnt over. The day the story breaks, he invites her back in secret, and she joins him once more out of the public eye. Night after night she returns, and soon the full story is revealed, and she begins to feel something shes never quite felt before. But its a risk, and she knows it, and if their secret rendezvous ever got out, the press would hail it a scandal. Yet Sophie doesnt care, caught in Lincolns web as she is, unable to see beyond his gorgeous smile and mysterious eyes. But all good things are always destined to come to an end, and soon Sophies entire world will be flipped on its head once more...
