

Out of the Crescent Shadows

Christian women have a compelling opportunity to reach Muslim women. Islamic cultural restrictions may prohibit Muslim women from speaking with men, but Christian women may reach across that gulf. Here, with both sensitivity and academic profession, the authors offer an honest look at the uncertainties in the minds of many Christian women, who often feel that Muslim women are mysterious and untouchable. Answers to common questions about a Muslim woman's customs, beliefs, mindset, and worldview. A cogent contrast of what the Bible says and what the Quran says. Thought-provoking questions to open dialogue. Affirmation of women's eternal and indestructible worth in Christ.
