

Haggadah Im Likutei Taamim Hebrew Compact Edition (Hebrew Edition)

Known simply as The Rebbes Haggadah, it is unique for both its comprehensiveness and extraordinary concise and succinct style. Featuring a commentary culled from the full array of our classical sources-ranging from Bible, Talmud, Midrashim and the legal codes to more recent writings, covering Halachah, exegetical texts, Kabbalah and Chassidic works - it complements these with original insights and analytic comments by the Rebbe himself. The commentary focuses primarily on explicating the essential meaning of the Haggadahs contents, and to clarify such passages, procedures or customs which may appear somehow problematic. The Rebbes Haggadah is a critically acclaimed classic, and continues to enlighten and inspire countless students with greater understanding and appreciation of Pesach. This edition: The entire Haggadah and commentary has been completely reset, in new, clear typeface; Numerous corrections were made to the text, as well as them being listed seperately at the end of the volume; The listing of Chabad customs that appears in the supplements has been corrected and rearranged, according to Sefer Haminhagim and other sources; The supplements to the Rebbe`s commentary have been reorganized in the order they apply; For the very first time, a complete list of all the printings of the Rebbe`s Haggadah has been added.
