

Golden Eclipse: Heart Dog --- A True Story

Once in your life you may have a pet that is so much more. This animal will become one with you. Their heart and soul, and yours, will somehow join. Without words you both instinctively know what the other's needs are, and you will live to take care of them. This is the true story of my Heart dog, Eclipse. Originally written as a way of expressing my grief over her loss, it was meant to be read only by myself. She was such an amazing girl, that I felt her story needed to be shared. All proceeds from this book will be donated to animal rescue. Please do not feel that this book is one that will make you cry throughout. Yes, tears may be shed. (Nothing wrong with that. It saves you money on eye drops) Eclipse's story will also bring many smiles to readers of her story. It's hard for one to hear of the joy she brought to the world and not be touched by it. This amazing rescued golden retriever came into my life at seven years of age, with cancer. She was used for breeding, and then went to a second owner. I had the honor of being her third, and "Forever Home!" She was to become a registered therapy dog, who worked in Hospice and nursing home settings. This book gives concrete examples of her amazing nature, what I consider to be her philosophy of life, and the absolutely tremendous difference she made in the lives of those she met, including myself. You will read of such heart touching moments, as when she attended wakes, memorial services, and even a funeral mass. You will even get to meet Mozart. Yes, he

lived with Eclipse!
