

Six Pack

Six-Pack is a collection of six short M/M stories written by Layla Laguna. Used by the Whole Team: Nicky is an operations assistant for his school's athletic department - in other words, a towel boy. This job has its perks, especially the hunky guys he gets to ogle day in and day out. When his breakup goes bad, Nicky is suddenly forced to confront the fact that he might not be ready to touch instead of look... Ditch Party Upright and respected, Principal Nelson hears of something disturbing going on outside school walls: a ditch party where boys take turns with some hapless classmate. When he goes to put a stop to it, he discovers that the would-be victim is a young man. He decides to comfort him and gets more than gratitude in return... Forced By A Frat Boy Connor can't stand his rugby playing frat boy roommate Dominic and takes extra care to avoid him. One Saturday night, Dominic returns from an unsuccessful attempt to pick up girls at a bar and sees that Connor's still awake. Instead of sitting down and talking with his roommate, he decides to flex his muscle and take his drunken frustrations out on the waifish boy... Taxing His Ass Josh has come home from his first semester away at college to surprise his mother, only to discover his stepfather in a compromising position with a local tough guy. The gangster is there solely to humiliate the man but the instant he notices the cute young freshman his plans change. The young man is suddenly thrust

into this awkward situation but decides to push back... Good Game Coach Morgan has had his eye on the hunkiest player on his college football team for a while and cant stand just staring anymore. One steamy afternoon after a scrimmage, he waits until the young man is alone in the shower before he makes his move. How could this young stud possibly resist? Takes What He Wants Jason loves women, especially married, vulnerable women, making sport of stealing them right from under the noses of their weak and oblivious husbands. At the supermarket, he makes the mistake of running afoul of a cockblocking alpha male who isnt too keen on going along with Jasons little game and lets him know just what hell have to do to strike a bargain. As the saying goes, real men take what they want... 25,000 words, contains explicit and extreme gay action. All characters are 18+
