

[(Between the Lines: Understanding Yourself and Others Through Handwriting Analysis)] [Author: Reed Hayes] published on (March, 2000)

As unique as a fingerprint, our handwriting is a reflection of our inner selves, revealing everything from our talents and personal tastes to insecurities, desires, and psychological attitudes. Reed Hayes shows how the practical art of graphology (or handwriting analysis) can provide insight into the qualities of your own personality as well as the personalities of those around you. Between the Lines provides an awareness of graphology that not only enhances our understanding of ourselves, but also sheds light on our business, social, and romantic relationships.
