Q & A with the Author

Q - How would you describe the Anomaly Series?

A - One part science fiction romance with a dash of the paranormal, a lot of action, and a little pinch of X-Men. I wanted to write about ordinary people gifted with extraordinary abilities that put them in the firing line. These novellas arent long but they are packed with lots of action and romance.

Q - Why did you want to write the series?

A - I love action, adventure and romance. And I love science fiction romance and all the endless possibilities. The Anomaly Series were the first stories where I really sat down and wrote what I really wanted to write: action romance. The entire series started with a single image I had: of a woman standing in a bank about to rob it by stopping time. I had to find out more and the result was Time Thief.

Q - What order should I read the books in?

A - All the Anomaly Series books have stand-alone romances in them but the action arc against our bad guy, Leven, grows with each book. I really think you really need to read these in order. Heres the order I suggest:- Time Thief- Mind Raider- Soul Stealer- Salvation

About Anna: Im passionate about all things action romance. I love stories that combine the thrill of falling in love with the excitement of action, danger and adventure. I

write about people overcoming unbeatable odds and achieving seemingly impossible goals. I like to believe its possible for all of us to do the same. The Anomaly Series:- Science Fiction Romance- Action Adventure Romance- Paranormal Romance- Genetic Engineering- Military Romance
