While wide awake in the middle of the night (welcome to menopause!), Amy Ferris began chronicling every one of her funny, sad, hysterical, down and dirty, and raw to the bones stories. Along with fantasizing about marrying George Clooney, Ferris is faced with a plethora of other insomnia-induced thoughts and activities. From googling old boyfriends to researching obscure and fatal diseases on the web; from scouting five-star spa destinations to having angry, bitter, e-mail exchanges with her brother. She worries endlessly about her husband, relies heavily on Ambien, and tries to arrange care via the Internet for her mother (who has both severe dementia and a massive love-bubble crush on Jesus Christ)â€”all while refraining from lighting up just one more cigarette. *Marrying George Clooney* explores a range of emotions experienced through this life-altering period. In this candid look at the change, Ferris offers a humorous spin on a not-so-funny topic.
