Unbreak My Heart Rough Riders Legacy book 1 The right love is worth the wait. Sierra Seven years have passed since I fell for Boone West. The brooding bad boy. We were friends, even when I secretly wanted more, but I settled for what he offered. After he left Wyoming and me I grew up. Moved on. Or so I believed until he blew back into my life with the scorching force of an Arizona desert wind. Im not that innocent sixteen-year-old girl anymore I am a businesswoman who swore never to settle again. But this older, wiser, hotter version of Boone unsettles me. How am I supposed to resist his megawatt smile and his built-army-strong body? Especially when hes inserting himself into every aspect of my life? Now hes determined to prove he can offer me everything that he couldn before and hes the only man that can fix the heart that he broke. Boone Joining the army? Best decision I ever made. Even though it meant I had to leave her behind. Sierra McKay. The wide-eyed beauty, who saw more in me than I saw in myself. I didnt dare offer her anything more than friendship, because one kiss, one touch and I wouldnt have had the guts to go. Ive worked hard to become the man I am. I have a career. A purpose. After a chance encounter with the one woman I never forgot Im not leaving anything else to chance. Now that Ive chased her across three states, Im ready to demonstrate that the passion we couldnt act on before burns hotter than ever between us. And Ill use every

weapon in my arsenal to show  
Sierra McKay that shes always  
been mine.
