

# Salary Versus Dividends & Other Tax Efficient Profit Extraction Strategies 2016/17

Salary versus Dividends is essential reading for ALL company owners and directors. The 16th edition has just been published (April 2016) and is completely up to date. The new edition contains ALL the relevant tax changes announced in the July 2015 Budget, November 2015 Autumn Statement and the March 2016 Budget. You'll find out exactly how the new dividend tax regime works and how to pay less tax when you extract salary or dividend income from your company. There's also fully updated information on all the other profit extraction techniques: directors loans, company pension contributions and getting your company to pay you rent or interest. These alternative techniques have become a lot more attractive following the increase in dividend tax rates. There's also new information on splitting income with your spouse and how to pay less tax when you wind up your company.
