

You Make Me Feel Like An Unnatural Woman: Diary Of A New

Today the number of women having their first child over thirty-five has increased by a bazillion fold, or some equally large scary number, and Judith Newman is the first to write a book that tells what it really feels like when drugstore purchases include both diaper cream and wrinkle cream. Wry, warm, and brutally honest, this is the book for any woman who has awakened at 3 a.m. to the insistent shrieks of her darling and thought: Oh man, Im too old for this.
