

Desire: A Cariad Romance Three Book Bundle (Cariad Collections 3)

Enjoy heightened desire with this spicy romance collection of Cariad Romances. *Off the Shelf* by Lucy Felthouse At 35, travel writer Annalise is fed up with insensitive comments about being left “on the shelf”. It’s not as if she doesn’t want a man, but her busy career doesn’t leave her much time for relationships. Sexy liaisons with passing acquaintances give Annalise physical satisfaction but she needs more than that. She wants a man who will satisfy her mind as well as her body. But where will she find someone like that? It seems Annalise may be in luck when a new member of staff starts working in the bookshop at the airport she regularly travels through. Damien appears to tick all the boxes “ he’s gorgeous, funny and intelligent, and he shares Annalise’s love of books and travel. The trouble is, Damien’s shy and Annalise is terrified of rejection. Can they overcome their fears and admit their feelings, or are they doomed to remain on the shelf?

The Lord of Summer by Jenna Bright Banished to the back of beyond, in the middle of a long, hot summer, Gem and Dan Parker find their marriage filling up with secrets. As they work to reopen the Green Man pub, tensions and unacknowledged desires come between them. From their first night, when Gem sees someone watching them make love from the edge of the woods, her fantasies of having two men at once start to grow and consume her. As the temperature rises, she becomes fixated by her imaginings of an impossible,

gorgeous, otherworldly man in the forest. A man who could make her dreams come true and maybe save her marriage. Ellie's Game by Jeff Cott Ellie's Game is the story of Ellie's bid to change from sexy, biddable housewife to sexy dominant goddess. Ellie and Jake are a happily married couple who play a bedroom game. Having lost the last Game Ellie must start the new one where she left off bound and gagged on the bed. As she figures out how to tie herself up before Jake's return from work, Ellie remembers the last Game and has ideas for the new one. Jake is immensely strong and loving and has seemingly endless sexual stamina so the chances of Ellie truly gaining control look slim. Although she has won the Game on occasions, she suspects he lets her win just so he can overwhelm her in the next. She has to find a way to break this pattern. But does she succeed?
