

# Twenty Drawings

- Contains original photographic reproductions of all twenty of Kahlil Gibran's luminous drawings. Kahlil Gibran (1883-1931) was one of the world's most acclaimed and popular writers, best known for his masterpiece *The Prophet*. But he was also an accomplished artist, who used his art to communicate his unique spiritual vision and to raise viewers to a new consciousness. *Twenty Drawings*, originally published in 1919, presents twenty original works personally chosen for publication by Gibran himself. Reminiscent of Da Vinci and the Old Masters, they are both profound and inspiring. Lexicos Publishing is proud to present the first ebook edition of this important collection. The drawings have been specially formatted for Kindle, and render beautifully on all e-paper Kindles, colour tablets, and on Kindle for PC or Mac.
