

Jungs Treatment of Christianity: The Psychotherapy of a Religious Tradition

An insightful and convincing interpretation of Jung's encounter with Christianity. In the last 20 years of his life, Jung wrote extensively on the Trinity, the Mass, alchemy and the Bible, in what Stein understands as his effort to help Christianity evolve into its next stage of development. Here, Stein provides a comprehensive analysis of Jung's writings on Christianity in relation to his personal life, psychological thought and efforts to transform Western religion. Murray Stein is a Jungian analyst who until recently had a private practice in Wilmette, Illinois, but who now lives in Switzerland. He is the author and editor of numerous books, including Jung's Treatment of Christianity, In Midlife and Jungian Analysis. He is the co-editor of The Chiron Clinical Series.
