

Retrospect Western Travel, Vol. 1 of 3 (Classic Reprint)

Excerpt from Retrospect Western Travel, Vol. 1 of 3 When I finished my late work on Society in America, I had not the most remote idea of writing any thing more on the subject of the New World. I have since been strongly solicited to communicate more of my personal narrative, and of the lighter characteristics of men, and incidents of travel, than it suited my purpose to give in the other work. It has also been represented to me that, as my published book concerns the Americans at least as much as the English, there is room for another which shall supply to the English what the Americans do not want, - a picture of the aspect of the country, and of its men and manners.
