

## The Kings Of Medieval England, c. 560-1485

Provides a succinct bibliography of the various kings of medieval England, from the Bretwaldas of Bedes day through the short reign of Richard III. In selecting works to be included, the author has focused his attention on providing annotations of informative and accessible sources, particularly biographical materials, that might be used by a wide range of individuals—scholars, undergraduate researchers, Anglophiles, and others. The annotation for each entry contains a 75-to 150-word analysis of content and other factors, such as bibliography, helpful notes, tables, illustrations, and level of comprehension, which commend the book or article to the reader. With author index.
