

The Mature Mind: The Positive Power of the Aging Brain

The Mature Mind delivers good news for those in the second half of life, with an extraordinary account of cutting-edge neuroscience, groundbreaking psychology, fascinating vignettes from history and case studies, and practical advice for personal growth strategies. Gene Cohen, a renowned psychiatrist and gerontologist, draws from more than thirty years of research to show that surprising positive changes in our brains have the powerful potential to enhance, not diminish, our lives after fifty.
