

## TALKING TO THE GROUND

In 1992 Doug Preston and his family rode horseback across 400 miles of desert in Utah, Arizona, and New Mexico. They were retracing the route of the Navajo deity Naayee neizghani, the Slayer of Alien Gods, on his quest to restore beauty and balance to the Earth. More than a travelogue, Prestons account of the journey is a tale of two cultures meeting in a sacred land.
