

The Trouble With French Kisses (The Trouble Series, book 1)

Who knew that a country with a kiss named after it would consider it illegal to share one. When Hannah Walsh finds herself being held in a French police station after sharing a passionate kiss with the handsome Damien Jacques, will she be able to ignore her reawakened desires? Damien must come to terms with the fact that vivacious Hannah has changed the man he thought he was. Born of aristocratic lineage and heir to the award-winning Jacque Vineyards, and descended from French kings, his life as a notorious playboy is about to be put to the test. Hannah can't ignore the passion that has sprung up between her and Damien, but is passion enough to bridge the cultural gap of differences between them? Will they find their happy ending after all?
