

# Hopelessness Unveiled: Challenges Faced by Women in the Middle East and North Africa

Hopelessness Unveiled is study series on an overview of the challenges faced by women in the Middle East and North Africa; how Islam and Christianity view women; and how satellite television is a timely tool for educating women on the issues that affect them. In several sessions participants will explore the culture, religion and societal practices that contribute to circumstances in which many women of the region find themselves today. We will personally reflect and share our thoughts and ideas.
