

# Growing Out of Jesus

Warning: This book may literally kill your God, and that is its unabashed intention. This book was written by a heretic raised in the Faith that turned his back on the traditions of the Church to become an Agnostic after learning about the Bibles support of Slavery, the Killing of Innocents, and blatant ridiculousness. Read at your own discretion and risk. Now that weve gotten that disclaimer out of the way, this book takes an unflinching aim at the God presented by the Church of Christianity, and the vast differences presented in the Bible through the method of a friendly conversation, or at least as close one can come to that in a book. I will quote verses you may have never known existed in an effort to disprove dogma that the Church teaches and holds beyond sacred fact, and I encourage you to have your own Bible on hand that way you can know the Truth when it is presented to you.
