

Crossfire: The Plot That Killed Kennedy

What really happened in Dallas on November 22, 1963? Was the assassination of John F. Kennedy simply the work of a warped, solitary young man, or was something more nefarious afoot? Pulling together a wealth of evidence, including rare photos, documents, and interviews, veteran Texas journalist Jim Marrs reveals the truth about that fateful day. Thoroughly revised and updated with the latest findings about the assassination, Crossfire is the most comprehensive, convincing explanation of how, why, and by whom our thirty-fifth president was killed.
