

Extra Mile America: Stories of Inspiration, Possibility and Purpose

To symbolize the power of the go the extra mile message, Shawn Anderson pedaled a bicycle from ocean to ocean -Â solo. Along the way, he interviewed over two hundred inspirational Americans who had demonstrated a remarkable ability to overcome personal setback and accomplish something extraordinary. A blind woman who climbed one of the worlds tallest mountains, a triathlete who was born a congenital amputee, a 95-year-old who has been volunteering at the same hospital for 49 years, a corporate executive who gives away 82% of his companys profits -Â these are a few of the inspirational profiles highlighted in Extra Mile America. The stories in this book have the power to inspire your spirit, challenge you to reevaluate your own life setbacks, and motivate you to take a deep breath of courage in order to get back on your own metaphorical bike with a renewed passion and purpose.
