

The Effect Series

Book 1 Ripple Effect: Every event in our life causes a ripple effect that we never truly understand until the waters calm and everything reveals itself. It's in that moment we truly see. Adam Ryker, owner of Club Envy, has his rules. Relationships stay within the walls of the club. Outside of that, people are merely acquaintances. After having his heart broken, he's not interested in the happily ever afters and white picket fences. Adam's interests lie in his club and giving pleasure to women. Ainsley Pearson wants to be free. She needs an escape from her life. Her best friend suggests Club Envy. From the moment Ainsley sets foot in the club, Adam decides he wants to be the exclusive one to bring her pleasure. He wants her.

He needs her. He has to have her. Adam finds himself wanting more. Will this unforeseen ripple in Adam's and Ainsley's lives be too much to overcome? Or will the one thing they never thought they deserved have an everlasting effect?

Book 2 Domino Effect: One small movement can impact the rest of your life, like a set of dominoes lined up one after another. It's not until you step back and see the big picture that you realize the damage you've done. Brandt Mattox had it all—love, success, and friends. One impulsive wrong decision led him down a path that ended in a prison of regrets. He now only dreams of the happiness he once had before the consequences of his actions cost him everything. He lost his love—not just any love, but his

soul mate. Nikola Kingston has worked hard to keep the past in the past while she focuses on her career and spending time with her grandmother. On a random night, she runs into the one man who will forever hold her heart captive. Her heart knows she still loves Brandt, but her mind cannot forget the dreadful night that cost her the love of her life. Will the domino effect of Brandt's and Nikola's decisions be too much to overcome? Or will the love they never thought they would get back have an everlasting effect?
