

Damsels in Distress: Volume 1

Tales of women stolen away, locked in towers, traded like goods, and sacrificed to the monster are as old as time. And always they are saved at the last by a daring knight, a noble prince, or a reluctant hero. But women have never needed men to save them, and at the end of the tale itâ€™s not always the handsome man that the damsel wants to kiss... Less Than Three Press presents a collection of stories about damsels who save themselves, each other, and find love along the way.
