

Blood Moon Rising Combo Pack (Books 1-3)

Includes books 1-3 of the bestselling paranormal romance series, Blood Moon Rising. Recommended 18+ for explicit sexual situations, language, and fantasy violence. **BBW Werewolf Romance Book 1--Fever** When the Blood Moon rises, the wolves come out to play and find their mates. Danica has about given up on love. In a last-ditch attempt at finding "the one," she agrees to a blind date through an online dating service. But instead of finding roses and romance, she finds someone intent on killing her. That is, until the mysterious, brooding Gage shows up to save her. Gage is running out of time to find a mate. If the Blood Moon sets before he can find her, he'll lose the rank of packmaster and the peace within the pack he's worked so hard to obtain. When he saves a luscious blonde in the parking lot, he has no idea she is his mate until he Marks her with his touch. Determined to keep her safe at any cost, Gage whisks Danica away into a hidden world full of lust, unlikely love, and treachery. Someone's put a hit on his mate, and he's hell-bent on finding out who, all while the Blood Moon looms closer, threatening to destroy his chances at true love forever. That is, if something or someone doesn't kill the woman he's falling for first.

Book 2--Protector If there's one thing Nik Johnson can't stand, it's the thought of finding his mate. Which, apparently, he'll have to do soon since his mating fever has finally arrived. With his thoughts

still hung up on his former lover, he's given up the hope of ever finding a love that perfect again. Until he meets Alara! Alara Crescent has had anything but a charmed life, despite her family's status as ruling family within the werewolf world. Ridiculed constantly for her weight by her cruel mother and father, she's beginning to wonder if she'll ever be accepted for who she truly is. Then one fateful encounter delivers her right into the arms of the man she's destined to have. When someone starts assassinating the royal family, Nik takes it upon himself to protect the woman he's Marked—a woman who would as soon bite him than love him. Despite their prejudices, can the two of them find true love before the Blood Moon rises? Book 3--Betrayal If it's not one thing, it's another. Gage's worst fears have come to light. One of his own has betrayed him, nearly resulting in the death of his mate. Then he found out the betrayer was in league with the High King of werewolves; the man who took out the hit for unknown reasons. When Alara, the king's illegitimate daughter and his brother's new mate, elects Gage as a contender for the crown, he's torn between duty and love once more. On one hand, becoming High King could allow him to get closer to the witch who's pulling the strings—the mysterious Mistress Black. On the other hand, it almost certainly means putting his mate that much closer to danger. And Gage isn't the only one who's after the crown. Werewolves of all backgrounds rise up to put their chips into play in what

becomes one of the deadliest power struggles in werewolf history. The stakes are higher than ever, especially when a foe from Gage's past shows up with the sole intention of making Danica his. If their love is to survive, Danica and Gage will have to work together to uncover the true motives behind the witch mafia's activity and defeat the most wicked enemy either of them have ever known. Secrets will be revealed, love will be tested, and ghosts from the past will emerge in this third exciting installment to the sexy Blood Moon Rising series.
