

## Current of Love

Janelle Edwards is a sultry singer who’s nursing a perpetually broken heart. Everett Jamison, III is a handsome workaholic with no time for love on his busy agenda. Both have sworn off relationships and marriage—but on a cozy steamboat cruise up the Mississippi River, the two keep crossing paths. They try hard to ignore the growing attraction, even as family and friends urge them on. But when danger threatens the ship, Janelle and Rett must make a decision: continue running from their emotions—or let the tides of passion sweep them away. A light Southern romance sweetened with a splash of humor, *Current of Love* blends brilliant storytelling with endearing characters to make even the biggest skeptics believe in love again.
