

## The Pursuit (By Request 3s)

Marriage was a matter of a small fortune ... There had to be a way to marry off the three goddaughters from hell! Nancy Leeward cared deeply for her goddaughters, but how had those three foolish girls repaid her love? Maxie was living with a married man, Darcy was a single mom, and Polly was being paid to bear some selfish mans child. Nancy was determined to force them into happiness ... by stipulating in her will that her millions would only be bequeathed to each of them if they married within a year, and stayed married for six months... . But Darcys advertisement for a husband that would suit her godmothers terms turned up the shock of her life in *The Vengeful Husband* And Polly agreed to act as a surrogate mother, but found herself stalked by a father with marriage on the brain in *Contract Baby* Maxie furiously informed Angelos that no matter what his claim on her, the next man she lived with would have to be her husband in *Married to a Mistress* Three engaging stories of husband-hunting, Lynne Graham-style!
