

# What We Gain As We Grow Older: On Gelassenheit

Learning to live with ones own aging is the new task: making an art of what once was a given - growing older; turning our societys anti-aging bias into a true art of aging that will enable us to live with rather than against the inevitable. In ten practical steps, this book teaches you how to welcome and embrace growing older with gelassenheit (gue-lÃ;h-sen-hite) - the feeling and the knowledge that we are cradled in the arms of infinity - at any age.
