

Can Thinking about God Prove He Exists?: The Concept of God May Be His Proof

This is an essay revolving around the ontological argument coined by the philosopher St Anselm. It attempts to dig up age old criticisms of the argument and address how they have never been before. The essay takes this argument into different territory that when it was initially developed, hopefully, allowing the reader to judge the argument differently to how it has been presented in the past and form a new conclusion about the ontological arguments position in the modern world. So? Can thinking about God prove hes real?
