

Keys To Her Heart (Brookfield Book 5)

Love happens when you least expect it. Officer Cody Duncan gave up on love years ago. Or so he thought. He was content with his quiet solitary life, until a clumsy waitress spilled hot coffee on his pants and turned his world upside down. Suddenly, there's a new heat in his life, filled with cravings for things he once pushed aside. Lily Jenkins' busy life as a single mom and primary caretaker for her elderly mother leaves little time for herself. Struggling to adjust to a new life in a small town, her focus is too easily derailed by the gorgeous man she accidentally spilled hot coffee on. Knowing she has too much already going on, Lily vows to keep Cody at a distance, even though she craves him in ways she never thought possible. Their attempts at simple friendship continually fail as they soon discover an untamable fire between them whenever they are alone together. Seeing a life he never imagined for himself, will Cody have the patience to wait for the woman of his dreams? Will Lily finally let go and give Cody the Keys to Her Heart?
