

# White Horses: A Spiritual Journey along the Path of Happiness

When the author, John Aston White, reached one of the darkest moments of his life, a Light began to shine inside of him that led toward the Path of Happiness. He realized that his life had been ruled by fear and that the solution was to replace this error with faith in the unconditional love of God, faith in His omnipotence, omniscience and omnipresence, and faith in abundance, infinite possibilities and eternal life through His Eternal Holy Spirit. White also realized a long list of polar opposite attributes leading toward either love or hate. On that day, he chose truth. This book, *White Horses*, expresses the pearls of wisdom that were unveiled for him as he began to see this Light. To truly express the oneness of God, oneness of humanity and oneness of religion, White dove deep into the study of comparative religion. He focused on the writings from Hinduism, Judaism, Buddhism, Taoism, Christianity, Islam, Sikhism and the Bahai Faith. There are also perspectives from the Unity Church movement, A Course in Miracles, Deepak Chopra, the Kabbalah and others. White concludes that these White Horses of Truth all roamed the selfsame Garden of Paradise and partook of the fruit of the same Tree of Oneness, beneath whose shades the living waters flow toward the Island of Nirvana. He continually asserts that the Kingdom of Heaven is in the here and now.
